Directions and map to the City of Tacoma EnviroHouse
www.cityoftacoma.org/envirohouse

The EnviroHouse address is 3510 S. Mullen St., Tacoma 98409 (the same as for the landfill).

From I-5: Take Exit 132 and merge onto SR-16 (west to Bremerton). Take Exit 1C Fircrest/Center Street. The exit is a sharp curve that drops to Center Street with a traffic light; stay in the middle (there are left, straight, and right turn lanes). At the traffic light, go straight onto South Mullen St. and up the incline two short blocks to the Recovery and Transfer Center (former landfill). The EnviroHouse is the first pullout on your left by the flashing speed sign.

From Orchard Street: Turn onto South Center Street going east. Turn right onto South Mullen Street, go two short blocks (up a slight incline) where you will enter the Tacoma Recovery and Transfer Center (former landfill). The EnviroHouse is on your left before the recycling center.

From Stevens/Tyler Streets (name changes at Center) turn onto Center Street going west, go past the entrance to Home Depot, turn left on So. Mullen and follow the directions above.

Landmarks: When you cross Center Street you pass between Harborstone Bank and Home Depot on the left and Starbucks and Sherwin Williams on the right. After you go through the gate to the landfill, the road divides; take the road to the right but stay in the left lane. The first turnout (by the lighted speed sign) is the EnviroHouse, surrounded by landscaped grounds and gardens.
