STORMWATER 101:
STORMWATER MANAGEMENT FUNDAMENTALS

For: NPDES Permit Holders, Engineers, and Consultants
Includes: SWPPP binder, class materials, professional instruction, lunch, and refreshments

• Overview and update of WA stormwater regulations & permit requirements
• Creating Stormwater Pollution Prevention Plan (SWPPP) & Spill Prevention & Emergency Cleanup Plan (SPECPP)
• Selecting & implementing Best Management Practices (BMP’s)
• Monitoring, reporting & appropriate sampling techniques

ADVANCED STORMWATER 201:
ADVANCED STORMWATER CASE STUDIES

For: NPDES Permit Holders, Engineers, and Consultants
Includes: Class materials, professional instruction, lunch, and refreshments

• Brief overview and update of WA stormwater regulations & permit requirements
• In-depth review and discussion of real world case study examples
• Best suited for those with a working knowledge of WA State NPDES Stormwater Permits or who have attended previous workshops.
