

## AGENDA

### LID Code Update and Integration Webinar

April 14, 2015 10:00 AM – 12:00 PM

**Webinar Goal:** To equip Phase II jurisdictions throughout Washington with the clear, relevant, and directly applicable knowledge and tools needed to update their codes and regulations, in compliance with NPDES Municipal Stormwater permit requirements.

**Objectives:**

- Clarify relevant permit requirements and timelines
- Ensure participants understand code review process and responsibilities
- Provide six easy-to-follow steps to LID code updates/integration
- Provide solutions to the challenges and barriers to LID code integration, walk through real-world examples, and hear insights and lessons learned from Phase I permittees
- Ensure participants understand and are comfortable with opportunities for ongoing support (post-training)

Topic
<b>Introductions/Context</b>
<b>Overview of Permit Requirements</b>
<b>Overview of Six Recommended Steps to Updating Codes: <u>Steps 1-3</u></b> <ul style="list-style-type: none"><li>• <i>Step 1. Assemble the Project Team</i></li><li>• <i>Step 2. General Topics to Address</i></li><li>• <i>Step 3. Review Existing Codes/Standards</i></li></ul>
