

**Michelle Perdue, Outreach & Education Coordinator, Kitsap County Public Works**

Michelle has over twelve years of experience in municipal stormwater and construction management, with a focus on communications. Her work has included such diverse projects as a major interagency stormwater management group rebranding, coordinating project tracking software implementation for the county, and managing outreach and information for several major construction projects.

Prior to joining Kitsap County, Michelle was the Municipal NPDES Stormwater Permit Manager and Engineering Technician for 10 years at the City of Moses Lake.

**Tim Beachy P.E., Kitsap County**

Tim is the Capital Improvements Project Manager for Kitsap County Public Works. He has managed a wide variety of roadway improvement, bridge replacement, stream restoration, and water quality projects for the county. As Project Manager he leads the team responsible to take a project through the design process and ultimately to construction.
