_____!

Pollution: anything that doesn't belong on the _____, in the _____, or in the _____.

Stormwater runoff is unfiltered water that reaches our streams, rivers and groundwater. Surfaces such as streets, parking lots and driveways do not allow rain to soak into the soil, so it runs off into storm drains without getting clean. You can do your part to help protect our streams, rivers and groundwater by not dumping anything down the storm drains.

Circle the things that do not belong down a storm drain:

- | | | |
|-----------|----------------|---------|
| Water | Motor Oil | Garbage |
| Dog Waste | Candy Wrappers | Snow |
| Gasoline | Rain | Paint |
