Update: Statewide MS4 Permittee Mentorship Program

Thanks to all who responded to the survey solicitation! We received 119 responses. As promised, [view the survey results here](#). Spoiler Alert – There seems to be enthusiastic support to develop a statewide MS4 Permittee mentorship program.

Informed by the responses gathered from the survey and regional Permittee meeting discussions, we're taking the next step of scheduling a mid-April kickoff meeting to bring together the folks willing to invest their time to assist with the program's development. This kickoff meeting aims to: 1) identify program development tasks, 2) form workgroups to carry out those task assignments, and 3) identify leads for each workgroup. If you're willing to commit to these program development aims, please respond to this [Doodle Poll](#) by the end of the day on March 11th.
